# FIA awards \$554,300 in grants to 167 child day care providers and child care centers in 56 counties

#### March 29, 2004

Governor Jennifer M. Granholm and Family Independence Agency director Marianne Udow today announced \$554,300 in new grants to licensed or registered child care providers who serve children from low-income families subsidized by the Family Independence Agency. Udow said 167 EQUIP grants range in amounts from \$592-\$15,000 with all but five grants in a range from \$592-\$3,500.

The grant program, called Enhanced Quality Improvement Program or EQUIP, is funded by the FIA and aimed at increasing the quality and quantity of child care in Michigan communities. The Michigan 4C Association, a partner with the FIA in helping public assistance recipients stay in the work force, administers it. 4C stands for Community Coordinated Child Care.

"These grants help increase access to quality child care," said Granholm. "The grants help provide assistance to low-income families around Michigan with affordable, safe services through child care providers and child care centers."

The Lansing-based Michigan 4C Association selected the grantees in this funding cycle. EQUIP grants were awarded for proposals that address equipment, computers and resources to build child care capacity throughout the state, support childhood development at care centers and improve staff knowledge and caregiver techniques. EQUIP grants help local child care providers develop service options during afternoon, evening and weekend work shifts, and ways to care for infants and children with special needs. Provider start-up grants help communities better meet the needs of their low-income families.

"The EQUIP grant program supports families and children as adults work toward financial independence," said Udow. "Access to safe, affordable day care service is critical to the success of low-income families."

Working collaboratively with the FIA, the Michigan 4C Association regularly awards EQUIP grants to increase licensed child care capacity across the state. In December the FIA awarded \$508,624 to 156 child care providers. From Fiscal Year 1998 through the current funding cycle, the FIA has distributed more than \$6.5 million in EQUIP grants funds. A list of current grantees follows. For more information on EQUIP grantees in any county, contact the Michigan 4C Association at this toll-free number: (800) 950-4171.
